Search details			
A Search of Historical Tenure in the Historical Database is \$138.00 per hour – pro rata (not subject to GST). This is a complex research function and as a result, the appropriate time is required to be allowed.			
Description of Search			
When outlining your request, please provide as much information as possible. The more information you can provide, the more successful your search may be. Helpful information includes current/historical street addresses, lot or location numbers, any current or previous owners, maps or sketches, and the dates you require the search to cover, which provides an indication of how far backwards/forwards we should look.
